

# STORMWATER QUALITY (SWQ) PERMIT APPLICATION

The information requested in the SWQ permit submittal package shall be completed accurately and to the best of the SWQ permit applicant's knowledge. Please allow up to ten (10) working days for the SWQ Permit review process. A SWQ permit will be issued or denied no later than thirty (30) working days after the receipt of a complete SWQ permit submittal package. Acceptance of these documents and issuance of a SWQ permit by the Town of Erie does not relieve the applicant of the requirements of the CDPHE CDPS Stormwater Construction Permit

## SWQ PERMIT REQUIREMENTS

### DO YOU NEED TO SUBMIT A SWQ PERMIT?

Construction activities\* resulting in the following require a Stormwater Quality Permit:

- A total disturbed area of one acre or more
- Less than one acre of disturbance but part of a larger common plan of development
- Adjacent to a watercourse or wetland regardless of size.

*\*Construction activities for the purpose of this permit are land disturbing activities that may result in a potential release of particulates or materials off-site to the environment or result in a change in the existing land to include but not limited to: clearing, grading, excavation, demolition, installation of new or improved haul roads and access roads, staging areas, stockpiling of fill materials, and borrow areas. Compaction that is associated with stabilization of structures and road construction is also considered land disturbing activity\**
