

Anadarko Petroleum Corporation
P.O. Box 173779
Denver, CO 80217

Hello,

We are writing to update you about upcoming activity on an existing oil and natural gas well in your area. Please see the map on the reverse side for reference.

The subject well will not be plug and abandoned at this time as stated in a previous notification but instead the wellhead will be replaced in this upcoming week. There will be additional activity at this oil and natural gas location and we will provide updates in future notifications.

The work is scheduled to begin **on or around August 28** and will take approximately one week to complete. In an effort to reduce the inconvenience to the surrounding residents, crews will be working on site Monday through Friday during daylight hours only. You may notice a slight increase in traffic during this time. A work-over rig (pictured on the reverse side) and other heavy equipment will be needed to conduct this operation.

There will be additional activity at this oil and natural gas location, we will provide updates in future notifications.

Thank you for your patience while we perform work in your community. If you have any questions or wish to report an issue related to our operation, please do not hesitate to contact us via the Anadarko Colorado Response Line at **866.248.9577** or **AnadarkoColorado@anadarko.com**.

When you contact us, please reference this activity by the following name:
Champlin 86 AM G2

 ***See reverse side for more details***
